

Below is from the 'Fund My Neighbourhood site'

The antiquated toilets at our club urgently need upgrading.

## "Our loos are pooped" at the Beaumont Bowling Club

The Beaumont Bowling Club is used by hundreds of community members for bowling, meals, meetings and private functions. We have upgraded our kitchen facilities and now these user groups are asking if we could upgrade our toilets (exposed pipes, basins coming away from wall and broken tiles etc.) to at least and we quote "public toilet standard." An upgrade to our toilet amenities would assist us enormously to continue to grow as a hub for our local community. We believe our community deserves modern facilities rather than the 60 year old toilets we currently provide.
