Beaumont Bowling Club Newsletter No. 48 – November 2019

Dear Members

Who can believe that this is the second to last newsletter for 2019.....?

It has generally been a great week on the bowling green across the board and it is also terrific to see both of our women's teams doing very well. At practice last week for the women, **6 new women started coaching with Peter Hodgson and his assistant John Binks-Williams**. Let's keep up the good work until the break.

Completion of our Hall

Don't the clubrooms look great? I know a few of you are a tad dubious about the colour but all agree the clubrooms look refreshed and the new lettering on the front certainly stands out. We are coming to the finish line of the upgrade and if you would like to see what has been planned to complete the hall **Ian Campbell** has put up a "scope of work" on our communication board. We are still waiting to hear about the air-conditioning so hopefully we will receive some good news before Christmas.

New Members

Another 2 lovely people have joined our club as Associate members. A h-u-g-e welcome to **Alan Perry** and **Derek Witt**. Another fantastic fact for you; 23 Associate members have become Full Members in the last 12 months.

Sharing the Load

A small group of Board members has committed to identifying a number of roles in the club that need different members to pick up so we can share the load across more members. We may be approaching some of you to see if you could help out. At one club nearby, every member is expected to do something within the club.

Club Championships

We are asking you to respect the timelines in the Club Championships as far as possible. If you can't keep to the timelines, please speak with **Barry Hanna** as we understand that unforeseen circumstances happen. Good luck everyone and keep your eye on the booking sheet on the communication ledge as there are some exciting games coming up.

Evacuation Signs

Our new evacuation signs have now been completed and placed on the noticeboard in the hall, in the kitchen and on our communication wall. Thank you to **Stephen Henderson** from **Arbitare Designs** for doing this for us.

Plastic Free

We have purchased new paper cups to eliminate the plastic cups. We are asking members to either bring a water bottle or use the same cup for the day. We will place a note by the water coolers for visitors as well.

Christmas Dinner, Raffle and Donations

Gee, the title says it all. We have reached 100 for the Christmas dinner, the raffle is ticking along nicely and now we need some donations. We have had 2 hams and turkey breast donated already, which is just fantastic!

We have a very busy week ahead with our tournament so this newsletter is short and sweet.

Regards

Leonie
